**OUR PLEDGE TO PROTECT YOUR PRIVACY
AND TO SAFEGUARD YOUR PROTECTED HEALTH INFORMATION (PHI)**

Anita D Cohn knows that health information about you is personal, and is committed to protecting the privacy of your information. By law I am required to insure that your PHI is kept private. The PHI constitutes information created or noted by Anita D. Cohn that can be used to identify you. It contains data about your past, present, or future health or condition, the provision of health care services to you, or the payment for such health care. Anita D. Cohn is required to provide you with this Notice about her privacy procedures. This Notice must explain when, why, and how I would use and/or disclose your PHI. Use of PHI means when I share, apply, utilize, examine, or analyze information within the practice; PHI is disclosed when I release, transfer, give, or otherwise reveal it to a third party outside my practice. With some exceptions, I may not use or disclose more of your PHI than is necessary to accomplish the purpose for which the use or disclosure is made; however, I am always legally required to follow the privacy practices described in this Notice.

Anita D. Cohn reserves the right to change the privacy practices and the terms of this Notice at any time as permitted by law. Any changes will apply to PHI already on file with Anita D. Cohn. Before Anita D. Cohn makes important changes to the privacy practices and policies, I will change this Notice and make the new Notice available in my waiting room or upon request.

- **Uses and Disclosures for Treatment, Payment and Health Care Operations**

Anita D. Cohn may disclose your protected health information (PHI), for treatment, payment, and health care operations with your consent. To help clarify these terms, here are some definitions:

- "PHI" refers to information in your health record that could identify you.
- "Treatment, Payment and Health Care Operations"
 - Treatment is when Anita D. Cohn provides, coordinates, or manages your health care and other services related to your health care. An example of treatment would be when your therapist consults with another health care provider, such as your family physician or another therapist.
 - Payment is when Anita D. Cohn obtains reimbursement for your healthcare. Examples of payment are when Anita D. Cohn discloses your PHI to obtain reimbursement for your health care (this might include efforts to collect past due payments).
 - Health Care Operations are activities that relate to the performance and operation of Anita D. Cohn MSW, LCSW. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.
- "Use" applies only to activities within Anita D. Cohn MSW, LCSW, such as sharing, employing, applying, utilizing, analyzing information that identifies you.
- "Disclosure" applies to activities outside of Anita D. Cohn MSW, LCSW, such as releasing, transferring, or providing access to information about you to other parties.

- **Uses and Disclosures Requiring Authorization**

Anita D. Cohn may use or disclose PHI for purposes outside of treatment, payment, or health care operations when your appropriate authorization is obtained. An "authorization" is written permission above and beyond the general consent that permits only specific disclosures. In those instances when Anita D. Cohn is asked for information for purposes outside of treatment, payment or health care operations, Anita D. Cohn will obtain an authorization before releasing your psychotherapy notes. "Psychotherapy notes" are notes your therapist has made about your conversation during a private, group, joint, or family counseling session, which they have kept separate from the rest of your healthcare record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the

extent that (1) Anita D Cohn has relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, law provides the insurer the right to contest the claim under the policy.
